Taiwan Internship Programme 2023-2024

Investment Solutions and Services Taipei, Taiwan

Who we are

We've been helping clients plan and invest for their futures for over 50 years. From more than 25 locations around the world, we provide investment services and retirement expertise to everyone from central banks to private individuals. We're known for acting with integrity and thinking for the long-term. And across our organisation, we foster a welcoming, caring and inclusive culture where people feel respected, trusted and able to be themselves.

The team you'll join

Interns will be assigned to one of the following departments: **Strategic Planning / Institutional / Investment Management / Marketing / Product Development / Wholesale / Regional Institutional Client Services**. Our Taiwan office with main focus on investment management and sales and marketing excellence is essential to the continuing growth of our business. These are the teams that develop new investment strategies, and products with clients as well as manage relationships and deliver the right solution to the right clients. It's a varied and fascinating part of Fidelity International to explore as an intern.

What you'll be doing

On our 1-year Programme, our interns will work on assigned projects and be exposed to Fidelity's operational processes across all Investment Management activities, learn how to think from a customer viewpoint and deliver best in class experience. The interns will present the findings and provide recommendations to our global team.

The difference you'll make

You'll contribute to positive, meaningful work that make a difference to our clients. You'll help them invest and plan for the futures they want. You'll provide invaluable support to your team, too.

How you'll be supported

You'll start with a welcome and an orientation, where you'll meet your fellow interns and find out all about us and our work. Once the programme begins, you'll learn every day – from the experts around you and through tackling real projects. Our focus will be on supporting you to gain experience and discover what kind of future you could build in our industry.

What we're looking for

It's who you are that matters here, rather than what you studied. We look for interns who are analytical, eager to learn and ready to take on a challenge. A genuine curiosity about investment is vital, as is a lively interest in our work and our industry. And, as we're an international organisation, we'll need you to speak English.

How to apply

This programme is open to students in the penultimate year of undergraduate or master's programme (Class of 2024 preferred). As part of our commitment to inclusion, we are a disability-friendly company. As such, we will welcome a conversation with you if you feel you might benefit from any reasonable adjustments to perform to the best of your ability during the recruitment process and beyond. For any enquiries regarding your application, you can reach us at earlycareersatfidelity@fi.com.

Our application window closes on Sunday, 16 April 2023 at 11:59pm CST. Please note that there are two online assessments which you'll need to complete by the time the window closes. They both take around 40 minutes to complete, so make sure you give yourself plenty of time.
