Fidelity

Taiwan Internship Programme 2025-2026

Investment Solutions and Services Taipei, Taiwan

Who we are

We've been helping clients plan and invest for their futures for over 50 years. From more than 25 locations around the world, we provide investment services and retirement expertise to clients worldwide – from central banks and financial institutions to wealth managers and private individuals. We act with integrity, think generationally, and look to the long term. To work at Fidelity is to belong. We have a welcoming, caring, and inclusive culture where people feel respected, trusted, and able to be themselves.

The team you will join

Fidelity is a fantastic place to learn and grow. As an intern, you will join one of the following teams: **Strategic Project / General Marketing / Institutional Sales / Investment Management / Wholesale / Client Services**. These teams are essential to the continued growth of our business in Taiwan from marketing and developing products, delivering investment solutions, building new business, and managing client relationships.

What you will be doing

Over the course of the 6-month Programme, our interns will work on assigned projects and be exposed to Fidelity's investment management and operational processes across the organization. This internship is a rare opportunity to build your knowledge on investment products, various sales channels, marketing and/or customer services. At the end of the Programme, you will present your findings on a research topic and provide recommendations to our global team.

The difference you will make

You'll contribute to positive, meaningful work that make a difference to our clients. By providing invaluable support to your team, you will help our clients invest and plan for the future they want.

How you will be supported

You'll start with a welcome session and an orientation, where you'll meet your fellow interns and find out all about us and our work. Once the programme begins, you'll learn every day – from the experts around you and through tackling real projects. Our focus will be on supporting you to gain experience and discover what kind of future you could build in our industry.

What we are looking for

It's who you are that matters here, rather than what you studied. We look for interns who are analytical, eager to learn and curious about investment. Proficiency in English is required due to the international nature of the company. A genuine curiosity about investment is vital, as is a lively interest in our work and our industry.

How to apply

This programme is open to students in the penultimate year of undergraduate or master's programme (preferably Class of 2026). As part of our commitment to inclusion, we are a disability-friendly company. As such, we will welcome a conversation with you if you feel you might benefit from any reasonable adjustments to perform to the best of your ability during the recruitment process and beyond. For any inquiries regarding your application, you can reach us at earlycareersatfidelity@fil.com.

Our application window closes on **Sunday, 13 April 2025 at 11:59pm Taiwan local time**. Please note that there are two online assessments which you'll need to complete by the time the window closes. They both take around 40 minutes to complete, so make sure you give yourself plenty of time.
